Re: Off-Site Rule Acceptability Determination
Montmorency-Oscoda-Alpena
MDEQ 60-000007

Dear Ms. Cunningham:

This letter is in reply to your letter of December 2, 2002 to Mr. William Damico regarding the Montmorency-Oscoda-Alpena Solid Waste Management Authority request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that no relevant violations or releases currently exist at Montmorency-Oscoda-Alpena Solid Waste Management Authority. Therefore, Montmorency-Oscoda-Alpena Solid Waste Management Authority located at 6999 County Rd. 487, Atlanta, Michigan is acceptable to receive non-hazardous wastes from CERCLA sites at the cells which meet the minimum technology requirements for subtitle-D landfills.

The acceptability determination is based on the assumption that only non-hazardous waste for which Montmorency-Oscoda-Alpena Solid Waste Management Authority is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Coordinator(s).

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely,

A handwritten signature in black ink that reads "Joseph M. Boyle". The signature is written in a cursive style with a large, looping initial "J".

Joseph M. Boyle, Chief
Enforcement and Compliance Assurance Branch
